PRIME MINISTER

December 2, 2020

Dear Friends,

I send warm greetings from Jerusalem to the Oshman Family JCC Z3 2020 conference.

The support that the State of Israel receives from Jewish communities around the world is a source of tremendous strength and is greatly appreciated.

For our part, we will forever remain committed to the Zionist principle that Israel is the homeland of the entire Jewish people and will ensure that all Jews feel at home in the Jewish state.

I take this opportunity to express my deep appreciation for the Palo Alto community's robust friendship and solidarity with the Jewish state. I commend your efforts to bolster Jewish unity and to bring Jews around the world closer together.

I wish the Palo Alto Jewish community a very happy Hannukah.

Sincerely,
